OFFICER AWARENESS:

- A post was identified on **Personal** s.37 at s.37 and video at s.37 both on the revoking on the Emergency Act. In the post he writes "Hey RCMP, are you curious to find out what other leaks I might have?." In the video **Personal** states he is not satisfied with the revocation of the act and "wants the rolling back of this entire regime, I want them on trial, I want them to pay for what they've done, for what they've tried to do and there is so much evidence". He states this is just getting started and he 'smells blood'.

CIG OSINT identified a video of **Personal Info.** posted to his Instagram **Personal Info.** at 1618. The background has changed to a Gadsden flag (yellow flag with rattlesnake) that read's "Don't tread on me". **Personal** mocks the fact that Diagon is being talked about in the Senate and states he has sent an email to Senators which explains the group (CIG OSINT located a copy of the email posted on the **s.37**). **Personal** explains he invented Diagon which is a meme with no army, militia, terrorists, weapons caches, threats, organization or planning but a social club and community made from fans of his podcast.
